

BUILD THE FUTURE YOU WANT TO LIVE IN

BE PART OF THE CHANGE:

WHAT'S IN IT FOR ME?

- ✓ New knowledge on sustainable construction
- ✓ International community
- ✓ Practical skills
- ✓ Inspiration for thesis & career
- ✓ Policy engagement opportunity

HOUSING FOR PEOPLE. FOR THE PLANET. FOR YOU.

SHAPE YOUR OWN WAY OF LIVING TODAY WHILE ALSO...
... SHAPING THE CLIMATE AND COMMUNITIES OF TOMORROW

Join the SURE journey. Explore bold sustainable housing ideas. Meet changemakers. Learn by doing.

1

Discover what SURE is about – and see how you could be part of it.

ONLINE

2

Explore alternatives to conventional housing – and why they matter for you, the society, and the environment.

ONLINE

3

Get hands-on experience building Earthship systems (energy, water, waste and comfort) – using reclaimed and natural materials. (Netherlands)

4

Hemp is not (only) used to smoke – it's a building material. Experience hempcrete construction on a regenerative farm. (Poland)

5

Have your voice heard - Shape the policies that shape how we live.

ONLINE

... is a network of rural communities in Europe that helps create vision and bring people to share ideas from all around the world

... is a pioneering experiment in sustainable living built with natural, recycled and low-impact materials, such as rammed earth in car tyres

Aardehuis ('earth houses') Ecovillage in the Netherlands ...

Ostoja Natury in Poland ... is a community-run regenerative farm showcasing hemp construction linked to sustainable land use and innovation
